

The CyberLeaders Seminar Series Presents

Ms. Teresa Shea

Ms. Teresa Shea is currently the Executive Vice President and Director of Cyber-Reboot at In-Q-Tel. She joined In-Q-Tel after a distinguished thirty-two year career with the National Security Agency (NSA). She held several key leadership assignments during her career culminating as the Director of Signals Intelligence. In this position, she was the principal signals intelligence (SIGINT) advisor to the Directors of NSA, the Director of National Intelligence (DNI), countless U.S. Military officers, and U.S. Government high-ranking officials. She led a large global multifaceted organization during a critical period of operations to identify and thwart terrorist plots, support the military in combat operations, and produce intelligence on our most strident adversaries. She advocated for the rapid development and operations insertion of innovative technologies to address crucial technology gap areas.

Ms. Shea has deep experience in leading change in complex organizations, executive development, crisis management, strategic planning, government budget process, technical innovation and cyber operations. She served as the leader of Tailored Access Operation during formative years shaping the computer network exploitation mission for the Nation. She also served as the Senior Liaison Representative in London, England strengthening a vital partnership with the United Kingdom. She was a Technical Director or Organizational Leader at every level throughout her career at NSA.

She is recognized within the community as a trusted partner, mission-focused, and creative leader. Ms. Shea received numerous awards during her career, to include the President's Distinguished Rank Award from President George W. Bush and President Barack Obama, the National Intelligence Distinguished Service Medal awarded by the Honorable James R. Clapper, Director of National Intelligence, the Central Intelligence Agency's Donovan Award, and the Department of Defense Medal for Distinguished Civilian Service by Secretary of Defense Ash Carter.

Wednesday, February 1, 4:00-5:00 p.m.
